Program in Population Biology, Ecology, and Evolution (PBEE)
Rotation Summary Form

Student: ______________________________
Rotation Advisor: ____________________

Rotation:  □ First Rotation  □ Second Rotation  □ Third Rotation  □ Fourth+ Rotation
(Sept 1 – Oct 31)  (Nov 1 – Jan 31)  (Feb 1 – Apr 30)  (_________)

Please provide a brief report of progress of the rotation and submit the form to the DGS by the end of each rotation.

Guidelines for the report:
The body of the report is up to 400 words, split between the two sections (up to 200 words each):
Background/Question/Methods, in which the objective of the study is clearly identified and the methods are described; and Results/Conclusions, in which specific (specific) results of the study are explicitly reported and their implications for population biology, ecology and evolution are briefly discussed. The report must report specific (expected) results. Reports without explicitly stated (expected) results will not be accepted. Reports must be clear. Poorly written reports will not be accepted.
