

**PROGRAM IN POPULATION BIOLOGY, ECOLOGY, AND EVOLUTION (PBEE)  
QUALIFYING EXAMINATION COMMITTEE FORM**

The purpose of this form is to establish a qualifying examination committee who will evaluate the PBEE graduate students written exam materials and administer and judge their oral examination. The qualifying exam committee will consist of four PBEE faculty members and requires approval by the DGS. The student's research mentor will not be a member of this committee, although the research mentor should advise the student in the selection of appropriate faculty who may be best qualified to serve on the committee. The due date for establishing the Qualifying Examination Committee is February 1st of the student's second year. If February 1st falls on a weekend, the proposal is due the following Monday.
